

## PE and Sport Grant Statement

School Sport Premium is additional funding provided to schools to improve the provision of PE and sport, for the benefit of primary-ages pupils, so that they develop healthy lifestyles. It is for schools to decide how this is spent as they are best placed to assess what additional PE and sport provision should be made for the individual pupils at their school. From April 2014 we are required to publish online information about how we use the premium.

2014/2015 - Allocation £8658

Use:

- School Sports Partnership membership.
- Employment of specialist PE coaches after school. This has enabled us to provide 2 after school clubs for each Key Stage 1 and 2 on a weekly basis increasing the total amount of PE time available. The clubs are linked to inter-school competitions across the cluster.
- Employment of specialist PE coaches at lunchtime. This has enabled us to provide KS2 activities at lunchtime for children to play organised games and develop skills.
- CPD for lunchtime supervisors. This has enabled us to provide KS1 lunchtime club for children to attend on a weekly basis.
- CPD for teachers to enhance the delivery of high quality PE in specific areas such as dance and gymnastics – areas identified from staff audit. Many PE sessions are led by a sports coach, improving the quality of PE delivery, but also allowing staff to develop their practice by learning from specialists.
- Transport and competition costs. This has allowed more children the opportunity to participate in sporting events within the wider community.
- KS1 swimming. Cost of hiring and the swimming baths with lifeguards.
- KS2 swimming. Funding has been used to enhance the provision of swimming to KS2. We have employed extra swimming teachers to ensure children are taught in small groups at the appropriate level.
- Y2 Camping trip. Opportunity for all children to access a wide range of outdoor and adventurous activities and develop social skills.
- Engagement within 'Be the Best You Can Be' programme developing personal responsibility, aspirations and achieving success.

Impact:

- A growing number of KS1 and KS2 children attending after school clubs and lunchtime clubs is expected, which focus on awareness of healthy eating, keeping active and the importance of team work within sport.
- Children now have the opportunity to access at least two hours of PE each week.
- The funding will enable CPD to be in specific areas for practitioners, which will enhance the delivery of PE.
