

Support Base 2 - Icarus Class Newsletter - Autumn 2

Core Subject Learning:-

Spellings

Every child has their own individual spellings which they are tested on weekly. Spelling patterns are also practised through daily phonics sessions.

Literacy

This half term we will be writing non-chronological reports and will be using Literacy shed and space images to write space poetry. In reading, we will be working on applying our phonics knowledge and will be working hard to answer questions about what we have read in sentences.

Numeracy

Our focus this half term will be on developing our understanding of the four operations. We will continue to focus on learning our times tables. We will also be working on our measuring skills and identifying shapes!

Creative Learning:-

This half term we will be blasting off to Space. We will be looking at the Solar system and making 3D models of it. Our design skills will be used when we become inventors and create our own rockets - we hope you will be able to watch the rocket launch on our web page. We will be using the I-Pads to develop our coding skills and also to support our learning.

Reminders:

PE is every Friday morning. Remember to send your child to school wearing their PE kit (a tracksuit / shorts and t-shirt and trainers). PE is outside - weather permitting.

Autumn 1 Learning

During Autumn 1, we learnt about Ancient Egypt. We really enjoyed learning how to make a mummy - especially the bit about pulling the brain out through the nose!!!! We worked together to make Egyptian flatbread although the best bit was eating it!

Take a look at some of the work we did:-

We 'mummified' some tomatoes!

Making Egyptian Flatbread and eating it!

A lovely piece of writing by Flynn based on our story of The Egyptian Cinderella.
