

Year 1 - Galileo
Summer 1 Newsletter

I hope you all had an Eggcellent Easter!

I am really looking forward to a fun filled summer term of learning. If you have any queries, you can contact me at the following email address:

Galileo@southbankprimary.co.uk

Literacy

At South Bank Primary, we use the Read Write Inc Phonics and Literacy scheme of learning. Children will read a book that is matched to their phonics level.

They will then use their phonic knowledge to write simple sentences about the story they have read.

Reading

Please continue to read at home and sign your reading record. Bring your book bag to school each day so that you can change your reading book. There are incentives given in school to children who read at home. You can also access free ebooks to read at home. Go to <https://home.oxfordowl.co.uk/reading/free-ebooks/> and choose from one of the many books that are available.

Maths

This half term we will be focussing on Place Value (within 50). We will be counting, comparing and representing numbers within 50.

Topic

Our Topic this half term is Moon Zoom. Children will develop their knowledge of technology, space and materials. Children will learn how to design and make model spaceships, considering the properties of materials.

PE - will be on a Thursday, please come to school on this day in your PE kit.
